

NILS GERKE

DevOps Engineer

@ ngerke@mailbox.org +49 156 783 156 06 Regensburg, Germany linkedin.com/in/nils-gerke

EXPERIENCE

DevOps Engineer

Digitalwerk GmbH

Jul 2018 – Ongoing Regensburg, Germany

- Complete rework of existing continuous integration processes, transition of legacy projects into Jenkins Pipeline Jobs
- Automation of build and test log analysis
- Description of dependencies and build environment in Conan, CMAKE and Docker
- Migration of continuous integration services into cloud based clusters

Research fellow

Hamburg University of Applied Sciences

Jan 2017 – May 2018 Hamburg, Germany

- Development of software tools for the evaluation of measurement data and simulation of wind fields with wake induced turbulence in Python (NumPy, Pandas)
- Planning of extensive measurements for the acquisition of turbulent wind fields, as well as moments and loads occurring at wind turbines.
- Administration and Configuration of following services: Gogs, Jenkins, Jupyter, NextCloud

Development engineer

Nordex Energy GmbH

April 2016 – Dec 2017 Hamburg, Germany

- Development of a graphical software tool for the download and aggregation of operating and meta-data in Python (NumPy, Pandas, SQLAlchemy, PyQt)
- Development of a software tool for graphical data evaluation and filtering in MATLAB with connection to Python (MATLAB API for Python)
- Development of a methodology for estimating environmental turbulence based on SCADA data in Python (Scikit-Learn, SciPy)

EDUCATION

Sustainable Energy Systems (M. Sc.)

Hamburg University of Applied Sciences Grade: 1,2 (excellent)

Sep 2013 – May 2015 Hamburg, Germany

Mechanical Engineering (B. Eng.)

Karlsruhe University of Applied Sciences Grade: 1,4 (excellent)

Sep 2009 – Aug 2013 Karlsruhe, Germany

PHILOSOPHY

“Don’t aim for the ordinary”

STRENGTHS

Narrowing the scope Eye for detail

Fast learning
